

## **FOR IMMEDIATE RELEASE**

### **The Shot Shirt is Sew Clever**

**Walnutport, PA – April 13, 2021-** When the need for face masks emerged, an enormous amount of new sewers were created as well. Now there is something for new sewers to provide to consumers; which, is both clever and needed. The Shot Shirt.

The Shot shirt is designed with a side sleeve zipper for easy access to the upper arm. With the entire country encouraged to get a Covid19 vaccination this shirt is perfect, as this portion of an arm is not an easy access point for many. “Today, with a large majority of people getting this much needed vaccination, it became apparent to me that creating both a stylish and functional shirt would be very helpful to so many people.” Pam Said. “There are many pros associated with this new Shot Shirt; such as, no more undressing to get a shot; which removes embarrassment, no more wrestling out of a shirt, no need to wear a sleeveless shirt if the weather is colder, the elderly may have trouble lifting their arm up to full range. In addition there are many other types of shots that need to be administered in the upper arm, as well as booster vaccinations that may come into play in the near future. This will be the next 2021 apparel statement. Now is the time to sew cleverly with the new Shot Shirt pattern.” Pam Tripaldi, Founder, CEO of You Can Make It. [www.youcanmakeit.com](http://www.youcanmakeit.com).

If anyone would like to take a class and go home with a Shot Shirt, You Can Make It has teachers all over the country offering Make It and Take It classes. Simply go to the website and click on contact which will put you in touch with a local teacher at no charge. There is also the option of purchasing shirts or the pattern directly at: [www.YouCanMakelt.com](http://www.YouCanMakelt.com).

Founded in 1994, Pam Tripaldi is the Founder and CEO of You Can Make It Inc. This business’s sole intention is to create sewers. Pam structured her business to make it as easy as possible for anyone to learn to sew and also for others to teach sewing. Those interested in becoming a student or instructor, and/or purchasing a pattern, or shirt can find information at the company website: [www.YouCanMakelt.com](http://www.YouCanMakelt.com) .
